DJ Krush

From me it was created
To me it shall return

Yo this world's gone mad,
But i see my way out
Make moves with most high
Eliminate all doubts
If it's not in my possession
Wasn't meant to be mine
Just walk the righteous path
And keep my mentals refined

My father got my back
And that's the way i'm gonna keep it
Decease is the spell -
--- cower weakness
Compete this, come to understand
That we've been fans and romanced
Before - this summer =jam=
Yeah we cramped too, knowledge - universal

Without rehearsal
We set the curfew
Meant(???) --- hit the exit
'Cause we perfected
That's hypernex
You can't flexe with
Get the message
We knockin' niggas offa cliffs
No truth ---
--- brothers got gifts
That uplift and enlighten
While you busy gripening living for excitement
We in the rip rightening(???)
Tighten this
That might just break the ice
Fuck the rat race
It's time to live life
We display more sense for the ladies and the gents
They feel our sound and stand down like immigrants
But i know the have
That's why we chose the righteous path
We struggle for now but in the end we get the last lap

When we finesse that man(???)

Yo this world's gone mad,
But i see my way out
Make moves with most high
Eliminate all doubts
If it's not in my possession
Wasn't meant to be mine
Just walk the righteous path
And keep my mentals refined

Life's a struggle so i settle with the bull
Niggas pullin -.- the brothers out to keep their bellies full

It's time to bust --- grapes
And show the beneficial like a prime-time tape / take
And shake the figure make the righteous way
Motivate with straight multiply by the guards
It ain't hard
To shine on your boulevard
Because your mind is like the lamp with a switch you need to pull hard
And make a move for the better
Cause next to my father, yo there is no com-petitor
The editor, to the book of life, shine life, to make you move right

Yo this world's gone mad,
But i see my way out
Make moves with most high
Eliminate all doubts
If it's not in my possession
Wasn't meant to be mine
Just walk the righteous path
And keep my mentals refined

Yo this world's gone mad,
But i see my way out
Make moves with most high
Eliminate all doubts
If it's not in my possession
Wasn't meant to be mine
Just walk the righteous path
And keep my mentals refined

What sense does it make to forsake your father's teachings
at night you move like raven
Put a carry cover from these days to take a breath
We sure to endure, bring more, keep it pure like breast - milk
Nigga got you covered like a quill
We come in tight
Foundation
My in-depth
Got japanese connects
The methods we select keep us slipping from the rest

You can try and sidestep and move with caution,
But you can't ex-cape what a waste to face you,
Let excuses roll till too late to debate,
Ya place to be erased like chalkboards took for granted
Even if you panick, vocals strong like granit
Spurt energy too hot for you to stand it
When it comes to microphones f.b. Commanded

Yo this world's gone mad,
But i see my way out
Make moves with most high
Eliminate all doubts
If it's not in my possession
Wasn't meant to be mine
Just walk the righteous path
And keep my mentals refined

Yo this world's gone mad,
But i see my way out
Make moves with most high
Eliminate all doubts
If it's not in my possession
Wasn't meant to be mine

Just walk the righteous path
And keep my mentals refined

This world's gone mad
Yo this world's gone mad
This world's gone mad
Yo this world's gone mad but i see my way out

This world's gone mad
Yo this world's gone mad
This world's gone mad
Yo this world's gone mad but i see my way out
