

Faded

DJ Muggs

If you don't change you're gonna die
I mean it this time too many pieces from the past
I'm not afraid of going to the other side
I lost my patience just enough to get me by
I want to take you on a ride
And I'm inclined to skate across the sunset in the sky
Don't say a word its in your eyes
And now I see a teardrop from the storm you keep inside
We are we are we are always faded
You are you are the one in my pages
We are we are we are always faded
You are the one in my pages
I don't want to change you, I won't waste my time
Shaking like a tambourine
You're sending me twisting in emotion

Can't be hard to find
A picture in the magazine, a tangerine
That doesn't feel right
I'm debating good advice
And wear the fortune underrated lonely and proud
And not afraid of going to the other side
And made a statement with an unpredicted soaring rise
We are we are we are always faded
You are the one in my pages
I don't want to change it, I don't want to waste my time
Shaking like a tambourine
You're sending me twisting in emotion
Can't be hard to find
A picture in the magazine or tangerine
It doesn't feel right
