

# Surface

DJ Mustard

Mustard on the Beat, ho

Chances, take them, don't make me the one that got away  
Promises, don't break them, baby two can play that game  
I need to show you some, show you some boy  
So I can get to know you, get to know you boy  
So let me show you some, show you some boy  
I wanna get to know you

I know you got a list callin' your phone, whenever you're alone  
But if it's really me you want, you gotta cut 'em off, yeah

If you get below, below, below, below the surface  
I know you get below, below, below, below the surface  
Yeah I'ma have you, runnin' around, losin' your mind, ooh yeah, ooh yeah  
To get below, below, below, below the surface

Truth is, right now, you the only one I want, bae I'm focused (Woah)  
Emotions, flowin' (No), girl you make it so hard to control it  
Day and night, I swear you're (Ooh yeah), always on my mind  
You said it, I'll never be nobody else's  
And keep them bitches out my face, you so sexy

I know you got a list callin' your phone, whenever you're alone  
But if it's really me you want, you gotta cut 'em off, yeah

If you get below, below, below, below the surface (Surface)  
I know you get below, below, below, below the surface  
Girl you got me, runnin' around, losin' your mind, ooh yeah, ooh yeah  
To get below, below, below, below the surface (Ooh yeah)

If you really wanna get my presence, all right  
No sugarcoat, can't be low, I need all facts  
'Cause baby you gotta know where my head's at  
Oh before I show where my bed's at  
Try, try, try, try, try  
Don't want no lie, lie, lie, lie, lies  
Put in the time, time, time, time, time  
'Fore I ex you out for crossin' the line, yeah

I know you got a list callin' your phone, whenever you're alone  
But if it's really me you want, you gotta cut 'em off, yeah

If you get below, below, below, below the surface  
I know you get below, below, below, below the surface  
Yeah I'ma have you, runnin' around, losin' your mind, ooh yeah, ooh yeah  
To get below, below, below, below the surface

If you get below, below, below, below the surface (Surface)  
I know you get below, below, below, below the surface  
Girl you got me, runnin' around, losin' your mind, ooh yeah, ooh yeah  
To get below (To get below), below, below, below the surface (Ooh yeah)
