

# Game Of Love

DJ Rankin

What do you think I am  
A party on all you need,  
Play on then without me,  
I'm stronger than you'll ever know,

Don't try to play me,  
You'll neva have the chance,  
Let me on, and I'll sing mine.

Never try to trick me,  
With me your gunna loose,  
Don't try to stop this game of love.

Take me away  
A million miles away from here  
Take me away  
Find a place for you and me

Your taking me higher  
High as I could be  
Take me away  
For ever you and me

Do you really think I care  
Wake up if you dare  
I know the rules and how to play  
You loose I win so there

Don't try to play me  
You'll never have the chance  
Let me on and I'll sing mine

Never try to trick me  
With me your gunna loose  
Don't try to stop this game of love

Take me away...  
Take me away...

The wind was followin' me again  
High escape from the hell I was living in  
My life wont be filled with tears anymore

I'll be the one whos gunna win this game of love

Seems like I,  
Kept them all inside,  
I'll meet in time,  
To make up my mind,

Don't try to play me  
You'll never have the chance  
Let me on and I'll sing mine

Never try to trick me  
With me your gunna loose  
Don't try to stop this game of love

Don't try to play me  
You'll never have the chance  
Let me on and I'll sing mine

Never try to trick me  
With me your gunna loose  
Don't try to stop this game of love

Take me away  
A million miles away from here  
Take me away  
Find a place for you and me

Do you really think I care  
Wake up if you dare  
Who do you think I am  
You loose I win so there

So there...  
So there...  
So there...  
So there...

Don't try to play me  
You'll never hav the chance  
Let me on and I'll sing mine

Never try to trick me  
With me your gunna loose  
Don't try to stop this game of love

Don't try to play me  
You'll never have the chance  
Let me on and I'll sing mine

Never try to trick me  
With me your gunna loose  
Don't try to stop this game of love

Take me away...  
You loose...  
And I win...  
So there...
