

Summer's Here

DJ Sammy

Summer's here, summer's here
Summer's here, summer's here

Summer's here, I feel my dreams come true
A warm embrace to raise the things I do
Burning, blazing came out of the blue
Time is here to make it all brand new

Summer's here, I feel my dreams come true
A warm embrace to raise the things I do
Burning, came out of the blue
Time is here to make it all brand new

Summer's here
Summer, summer, summer's here
Summer, summer, summer's here
Summer, summer, summer's here
Summer, summer, summer's here
Summer, summer, summer's here
Summer, summer, summer's here

Feel my dreams come true
My dreams will come true, yeah
Feel my dreams come true

Summer's here, I feel my dreams come true
A warm embrace to raise the things I do
Burning, came out of the blue
Time is here to make it all brand new, yeah
