Ayy, Scheme, you killed it

Nuri the G.O.A.T

Back down

Girl you really wanna act out

And I don't know how to feel now

Don't know how to feel (Wait, uh)

Pat down (Pat down)

I'ma check you where you at now (I'ma check you where you at now), oh

When I don't know how I'm feelin' (When I don't know how I'm feelin')

When I'm feelin' ill, when you on the real, you know I got it

Baby (Baby)

You make me feel crazy (Crazy)

I've been thinkin' all about it

You give me chills (Oh), I pay the bills (Oh)

Uh, back on for a minute now, rollercoaster

I'm not drivin', uh, need a chauffeur

West Coast ridin' when you call me

Pop my collar, in that double C

Don't know what it means to be

Fallin' in between the scenes

I just wanna take you down

No way I could hate you now

Baby (Baby)

You make me feel crazy (Crazy)

I've been thinkin' all about it (Ooh woah, ooh woah)

You give me chills (Woah)

I pay the bills (Yeah)

You know I got it (Uh, uh, uh, uh, yeah)

You know I got it

Runnin' the mileage, no I don't parlay

Uh, uh, uh, uh, yeah

Runnin', I got it

No one can stop me

You got me wildin'

Where you are, my love?

I don't wanna see you take more than my touch

Baby, you are

Baby (Baby)

You make me feel crazy (Crazy)

I've been thinkin' all about it (Ooh whoa, ooh whoa)

You give me chills, I pay the bills

You know I got it

Baby (Baby)

You make me feel crazy (Crazy)

I've been thinkin' all about it (Ooh whoa, ooh whoa)

You give me chills (Whoa), I pay the bills (Whoa)

You know I got it
