If I pull them racks out she gon' drop down and blow me
I just hit a hundred in a drop top stoley

But when I go to sleep I'm seeing faces
I just had to vent I never wanted to be famous
I just hit a switch and then the coupe decapitated
If I send a blitz you know them bullets get to raining

Presidential Rollie Ronald Reagan
No videos in the trap you must be trying to get it raided
Forty on my lap you know I keep a Cutta baby
Going through some shit you better call the voodoo lady

So much racks I spend a ten in Lennox. TRX I bend it
