DJ Shadow

She told me I've taken her to places she has never been before  
But really she was taking me places I promised myself I'd never go to damn..  
. Pff damn, let me start from the beginning...

Alright man I want all of you brothers to get rid of frustration  
And show sweet honey for your mouth  
Yeah yeah yeah one two

Some say she was from Cali  
Some say the Carolinas  
Mom was a belly dancer  
Pap' was a neverminder  
No drugs or alcohol  
No weed or marijuana  
You think the backstage was the last place you'd find her  
First time I saw her kinda  
Reminded me a of a chick you see in ...carawana?  
Friendly and talkative, yeah look as so marvellous hair  
Dead nicotine filling life ..... in the city  
You gotta see this but  
I am back resting peace parting it  
I start thrilling .... out of my consciousness  
It's just that when I think... oh girl my whole world collapses all  
So enwrenched in all overflow this  
She approaches me with a smurf to say  
We can do work no matter what time or day of the week it is  
So ... that backstage girl she fell to her knees just to pray on my weakness  
es

Homey I told her straight up, you know  
I got a significant other... she ain't care  
She said tonight I wanna be your insignificant lover .... what?  
God damn...

Oh we left the club at around two  
Just enough time to meet my niggers for round two  
At another spot, DJ playing the sounds too  
Hopefully divert me from being a scout drew  
In the spot making my rounds do  
The crowd trying to throw her off  
but she's on me like a bloodhound Jew  
Wouldn't believe how hard I tried to fight it  
Passions and desires were closing in  
And that's what it amounts to  
I looked her in the eyes  
And say I don't even know your name  
It feels wrong even though I don't show it...  
She said I wish I could tell you the same  
But I won't tell you my name cause I want you to  
Fuck me like you don't know it  
I responded with a smurf to let he know  
We can do work no matter what time or day of the week it is  
So ... that backstage girl fall down to her knees to pray on my weaknesses  
But man can you fight her? Go ahead

You'd think the backstage

Would be the last place you'd find her  
You'd think the backstage  
Would be the last place you'd find her  
Been all around the world, seen so many faces  
Was looking for love in all the wrong places  
Been all around the world, seen so many faces  
Backstage girl  
Was looking for love in all the wrong places

I woke up the next morning all tangled up in her hair  
That's when I realized she had me all where she wanted me  
She told me I'd taken her to places she'd never been before  
But really she took me to a place I promised myself I'd never return to  
And I was fucked up  
And the thing was I didn't feel bad about what I've done  
I just felt stupid for trying to fight it for so long  
I mean really who I was fooling  
I knew what time it was soon as I saw her  
Soon as she smiled at me and guy can tell what the foetal position was  
And I dare she'd gave it too  
I thought I had changed  
But niggas never changes  
But it took that one night  
That one passionate night for me to realize what I needed to do  
I gotta stop fucking with these whores off of my space though

Some say she was from Cali, some say the Carolinas  
Mom was a belly dancer, pap' was a neverminder  
No drugs or alcohol no weed no marijuana  
You think the backstage was the last place you'd find her

You'd think the backstage

Been all around the world  
Seen so many faces  
Was always looking for love in all the wrong places  
Been all around the world  
Seen so many faces  
Well well well  
Was always looking for love in all the wrong places  
Oh yeah  
Been all around the world  
Seen so many faces  
Backstage girl  
Was always looking for love in all the wrong places
