

# What Have I Done

DJ Shadow

I speak from the heart  
I fear beginning  
I must go  
Broken and soaked  
To the wider world returning  
I'll never be sullen again  
Something is wrong  
I can't stop my thoughts  
I tell myself to stop them

Stop, stop what you're doing  
I guess I'd better face it

The thoughts are sabotaging me  
Even though they are mine  
It feels as if it is physical  
Like being in a different world  
Weirder  
As if somehow things just are

Let's go ahead and get it over with

Don't be afraid  
Can't you trust me  
We all have thoughts  
And we are together  
We are together  
I am your healing spirit  
I am your healing spirit  
I am your healing spirit

Healing spirit

There is a boy  
Standing in a meadow  
Looking out into the sky  
And hundreds (and hundreds)  
And hundreds (and hundreds)  
And hundreds of butterflies  
Lift off from around him  
(Lift off from around him)  
That's all I can remember  
(Lift off from around him...)

Your mind  
Due (?) bright morning  
Dance with light  
Send stars to the night

I am awake  
I have a dream  
I am living proof  
I am living proof

What I have done  
What I have done  
What I have done

First steps  
Through open fields
