

Nightbird

DJ Snake

My girl is a nightbird, she put in all that night work
Mornings you can't find her, but night go down she flies
My girl is a night bird, she put in all that night work
Friends don't call her nice words, but she pays them no mind

My girl is a nightbird, she put in all that night work
Mornings you can't find her, but night go down she flies
My girl is a night bird, she put in all that night work
Friends don't call her nice words, but she pays them no mind

She cool with the owner
So she don't wait in line

Night time she flies
Night time she flies
Night time she flies
