

# No Option

DJ Snake

Without no iPhone  
Wherever you go, Blackberry  
To keep the lights on  
Me thought you roll early

Is that why  
Have no option?  
Why  
Trappin' in the slums?  
Why  
Black man sellin' it?  
Why

Me have me nine always  
Keep it by my waist  
Me keep it for protection  
Me have me gun always  
Keep it by my waist  
The nina, no option  
Me have me nine always  
Keep it by my waist  
Me keep it for protection  
Me have me gun always  
Keep it by my waist  
The nina, no option

That's what they showing you on TV  
Them keep our history buried  
Open your eyes son  
'Cause our vision get blurry

It's just lies  
Can't be undone  
Lies  
Look what we've become  
Lies  
No controlling our lives

Me have me nine always  
Keep it by my waist  
Me keep it for protection  
Me have me gun always  
Keep it by my waist  
The nina, no option  
Me have me nine always  
Keep it by my waist  
Me keep it for protection  
Me have me gun always  
Keep it by my waist  
The nina, no option
