

# One Call

DJ Spinall

Woah, woah, woah, woah-oh (DJ SPINALL)  
Woah, woah, woah, woah-oh (P)

I'm on my way to you  
Time is on the loose  
I will always fight for truth  
If I have the chance to choose (Here we go)  
Like every other superhero  
My weakness is love  
I don't do it for the medals  
'Cause no me without us  
P stands for the people  
So I'll be on my way  
Whenever you think you need to (One, two, three)

I'll be (I'll be) one call away (I'll be), one call away (I'll be, be)  
One call away (I'll be), one call away (Ladies)  
I'll be one call a-, one call a-, one call away from you  
I'll be one call a-, one call a-, one call away from you  
I'll be one call a-, one call a-, one call away from you  
I'll be one call a-, one call a-, one call away from you (Ah)

You know I'm never too far for you (For you)  
And the world can wait if I'm waitin' on you  
So don't leave me waiting long  
You know that I got love  
Whenever you need time, just come by  
'Cause the miles ain't nothin' but a number (Number)  
They can't take nothin' from us (From us)  
But we always got each other (Always got each other)  
If I'm on your mind, at any time  
Just know that I'm (One, two, three) one call away (Away, away)

One call away (I'll be one call a-, one call a-, one call away from you)  
One call away (I'll be one call a-, one call a-, one call away from you)  
I'll be one call a-, one call a-, one call away from you  
I'll be one call a-, one call a-, one call away from you  
I'll be one call a-, one call a-, one call away from you  
One call away (I'll be one call a-, one call a-, one call away from you)  
I'll be one call a-, one call a-, one call away from you
