Right foot up, down, two-step  
Top boy  
Left foot up, down, two-step  
Top boy  
I said, "Rock"  
I said, "Rock"  
I said, "Rock"  
I said, "Rock"  
All on that day  
Well, I ran-

(Ayy, ayy)  
Young blood got too much power man (Got too much power man, too much power man)  
Yeah, stand tall like the Eiffel Tower man (Like the Eiffel Tower man, Eiffel Tower man)  
Never let the evil devour man (Let the evil devour man, never devour man)  
You see the Lord is my King, I never will crown a man  
I'm prayed up so they never could down a man  
I celebrate it when I make it around the sun  
See I'm in love with myself, fuck with myself  
So I look in the mirror like I found the one  
Hey baby girl, go on and cop the one  
There's no shame in the way that you make your paper  
Splurge on yourself, buy yourself Bottega  
Keep gettin' greater and greater

I said, "Power"  
Power

When I tell you get down, lose it  
Left foot up, down, two-step  
When you're wearing your crown, you worship  
Right foot up, down, two-step  
When I tell you get down, lose it  
Left foot up, down, two-step  
When you're wearing your crown, you worship  
I said, "Rock"

I said, "Rock"  
All on that day

Well, I ran to the river  
It was boiling, I ran to the sea  
Oh, I ran to the river  
It was boiling, I ran to the sea  
Said, "I ran to the Lord"  
Said, "Lord, hide me"  
Please, hide me  
Please, hide me all on that day

I said, "Power"
