

# Everything Flows

Django Django

Seamless and flowing free  
Magnetic symmetry floods over me  
We see our lives move through time  
Side by side into memory

Oh, living a daydream  
Oh, what good has it been

Pushing and pulling me  
Moment's of clarity that we can see  
And even though we're apart  
We could easily never be

And I know we'll still grow and grow  
I know that everything flows  
And I know we'll still grow and grow  
I know that everything flows

And I know we'll still grow and grow  
I know that everything flows
