

## I Get By

DJDS

Tell me like it is, I don't know how to hold you  
Thing about this is, there's not much that I owe you  
Not another kiss, 'cause I know I control you  
Done is all it is, now I know, shoulda told you

I, I get by with nothing from ya  
You're not the one, yeah  
You felt it too, we were done, yeah  
But we had fun, yeah

Tell me like it is, I don't know how to hold you  
Thing about this is, there's not much that I owe you  
Always mine like his, that was so  
IMO, yeah  
And there's not much to miss, if that's low  
At least I told ya

I, I get by with nothing from ya  
You're not the one, yeah  
You felt it too, we were done, yeah  
But we had fun, yeah (oh yeah)

And she on that drank, talking what she think  
I got too much cash in the bank (but I'll get by, I know)

I tried to tell you baby, I tried too hard to tell you baby  
I tried to tell, have you heard enough

I, I get by with nothing from ya  
You're not the one, yeah  
You felt it too, we were done, yeah  
But we had fun, yeah (oh, yeah)  
I, I get by (I get by) with nothing from ya (nothing from ya)  
You're not the one, yeah (not the one, no)  
You felt it too (don't give me front) we were done, yeah  
But we had fun, yeah (oh, yeah)
