Lovin' and teasin'
Touchin' and squeezin' when love isn't easy
Everyting hot, like the sun in Ibiza
Fly her off a country, haffi land with a visa, hmm
Body shaped like a figure eight
Put your neck pon' ice, like the gyal with them figure skate
Lotta noise and it's in the way
Just tryna have a next level bezel with the diamonds in the face
Seh mi need a hot gyal, mhmm
Certified bad gyal, mhmm
Mi know seh she a top gyal, mhmm
Touch road with pure shot gyal, mhmm
I think I love her
Might fall for the big slip, mhmm

Early in di mornin' I wake up
Look into that beautiful face without makeup
Takin' me away, away, away
I fight for your love in di night and day, ah
Let nobody tell you that you're not beautiful
Girl you blow my mind when I look at you
Because of her lovin' me, I go dey victimized
Some say you don't deserve me, don't mind the haters
Gyal, don't mind the haters
You know that out love is greater
And I'ma give you my paper
Gyal I go love you forever
