

# Basic Being Basic

Djo

Get food, barely eat  
Every bite just kept me glued to my seat  
I worried, even cried  
How'd it feel to take the light from my life?  
Bad habit, even worse  
Fifty-fifty, I'm a sucker for looks  
Asked for it, here it is  
A quick example 'cause you wanted the hits

I think you're scared of being basic  
That's ironic 'cause it's reading like you're even more basic  
It's not funny, it's so funny  
'Cause you're basic  
Just looking hot and keeping monotone and understated  
Nothingness won't change it  
(Good luck with that, good luck with what?)  
It's not funny, but it's so funny

I don't want your money, I don't care for fame  
I don't wanna live a life where that's my big exchange  
I want simple pleasures, friends who have my back  
Everyone has secrets, but not everyone can fool a man like that  
It sent me reeling, still not the same  
It's like my capacity to love and give has changed  
I guess I'll thank you and spite your name again  
The past's the past, and I'll outlast the hate to find real love that  
's not pretend

How basic (Sell me on it)  
Shuffle numbers, pointing fingers, ditching chats in different apps  
That's basic (Haha)  
It's not funny, it's so funny  
That's just basic being basic (Basically)  
You said he looked just like a girl, so you like girls  
I guess I'll take it  
Yeah, that's funny, you're so funny (Ha-ha-ha-ha)

Change your body, change your face, curl your hair then make it straight  
Take a picture of your plate, Tarantino movie taste  
Rah-rah, cheugy-phobe, Vera Bradley's back in Vogue  
It's a flash photograph

What an empty epitaph that is (That's basic)  
What an empty epitaph that is (That's basic)  
What an empty epitaph (That's just basic being basic)  
Yeah, my tight five might get a laugh as is  
If that's funny, I'm not funny
