

I met somebody in a different way
I used to think it was wrong
Try licking letters in a virtual way
It's hard to
I don't have a clue
Who is that brand new baby girl?

We come together down in Tokyo
And walked the streets for a while
We stick together so we're not on our own
It's brand new
Harmless through and through
Wings up, bye-bye brand new baby girl

I make my way on back from Carroll Street
I'm walking all on my own
Deep down inside I know I need a little company
Next week, we'll just wait and see
Berean or brand new baby girl (Baby girl, baby girl)
(Ba-ba-ba-baby girl, baby girl)
(Ba-ba-ba-baby girl, baby girl)
(Ba-ba-ba-baby girl, baby girl)
(Ba-ba-ba-baby girl, baby girl)
(Ba-ba-ba-baby girl, baby girl)
(Ba-ba-ba-baby girl)
