

Fool

Djo

That's not right
There's a person behind those eyes
That's not right
Any crack is a sign of lies
That's not cool (Not cool)
Everybody needs a Fool
I'll be your Fool

I will be your Fool
I'll perform for you
Just tell me what to do (I chose it for me anyway)

What's that sound? (Hello?)
There's a funny man at my door (Ha-ha-ha)
No, I'm not busy
This is what I was prepping for
World king me (World king me)
I'm a jester and I'm yours
Call me your

Look into my eyes and baby, whisper
Fool

I will be your Fool (I'll be your Fool)
I'll perform for you (Perform for you)
Just tell me what to do (Do)
(I always felt so foolish anyway)

I will be your Fool (I'll be your Fool)
I'll perform for you (Perform for you)
Just tell me what to do (Just tell me what to do)
You never stop looking at me anyway
Behind those eyes
