

Go For It

Djo

Somehow
We're here
A love to last a thousand years
It sinks
It might change (Change)
Took this long to feel this way

Communication breaks
Then trust starts to fray
Unmet needs forty ways
I hear, "Go for it"
It's a harder thing to do than to say

One week
And four years
You know my ways, I know your fears
But then there's
A misunderstanding
But what will it take to hear me out? (To hear me out)

Communication breaks
Then trust starts to fray
Unmet needs forty ways
Why not go for it?
It's a harder thing to do than to say

Go for it
Go for it
Go for it
Go for it
Go for

Communication breaks
Then trust starts to fray
Unmet needs forty ways
Now I go for it
It's a harder thing to do than to say (So don't say a thing)
