Slither

Djo

It's growing larger
I'm pushing harder
I'm acting sooner
I'm building to it
It's moving faster
It's coming closer
It's getting nearer
I'm feeling older

It's growing larger
I'm pushing harder
I'm acting sooner
I'm building to it
It's moving faster
It's coming closer
It's getting nearer
I'm feeling older

It's growing larger
I'm pushing harder
I'm acting sooner
I'm building to it
I'm working on it
I think I got it
It makes a nice impression, then it slithers away
But I'm working to it
I can't wait for it
We all wanna be someone at the end of the day

It's moving faster
It's coming closer
It's getting nearer
I'm feeling older
It's growing larger
I'm pushing harder
I'm acting sooner
I'm building to it
I'm working on it

I think I got it
It makes a nice impression, then it slithers away
But I'm working to it
I can't wait for it
We all wanna be someone at the end of the day
(We all wanna be someone at the end of the day)
