Cause I'mma be your LUPIN

When darkness falls and nighttime comes  
The curtains draw back and the show begins  
Without anyone knowing, I'm behind behind the cold moonlight (slowly)  
Do all day, to steal your heart again

It's risky but I want you  
Let me be your honey  
This game of push and pull, i'mma be honest  
Are you playing with me right now?  
This feeling, this sensual feeling  
Can't deny it anymore, no no no  
This feeling, this sensual feeling  
Can't run away anywhere, no no no

Baby tonight  
I want to know, I wanna know  
Even your deepest secrets  
Before this night is over  
I'm casting a spell of temptation  
Baby what you what you wanna do  
Cause I'mma be your LUPIN

(Doowop- doowop-)  
What you what you wanna do  
Cause I'mma be your LUPIN

(Ay yo- whoo lego- whoo)  
What you what you wanna do  
Cause I'mma be your LUPIN

Without anyone knowing (be my side)  
Even more secretly (yeah)  
I will quietly go to you  
And steal your heart, baby  
Be quiet, don't make any sounds before you get caught  
So I can breath up breath up

Baby tonight  
I want to know, I want you

All of you, even your sweet breath  
Before this night is over  
I'm casting a spell of temptation

Baby what you what you wanna do  
Cause I'mma be your LUPIN

(Doowop- doowop-)  
What you what you wanna do  
Cause I'mma be your LUPIN

(Ay yo- whoo lego- whoo-)  
What you what you wanna do  
Cause I'mma be your LUPIN

After this night is over  
I'm afraid it'll all end  
That you'll disappear like smoke  
So I can't open my eyes, I desperately want you  
So I can be a man who has all of you  
Even in this dream

(Doowop- doowop-)  
What you what you wanna do  
Cause I'mma be your LUPIN

(Ay yo-)  
Casting a spell on you again tonight  
(Ay yo-)  
What you what you wanna do  
Cause I'mma be your LUPIN
