

## Get Ravey

DMA's

I don't know why I should go back instead, it's all over  
Trying to work out all of these things in my head  
I get lonely  
I get ravey bout you  
You get lazy bout me  
I get lazy bout you  
And you get ravey  
You get ravey  
You get ravey  
Oh how do I change? Oh how do I change?

Night after night  
Raising life from the dead  
We grow older  
Time will ignite, all of your dreams in the end. It's not over!

I get ravey bout you  
You get lazy bout me  
I get lazy bout you  
You get ravey  
You get ravey  
You get ravey  
Oh how do I change? Oh how do I change?

You get ravey  
You get ravey  
Oh how do I change? Oh how do I change?

Satellite you're one in a million to find  
Satellite you've open up my eyes, now I'm in love  
Satellite you're one in a million to find  
Satellite you've open up my eyes

I don't know why I should go back instead, It's all over  
I get lazy bout you  
And you get ravey

Satellite you're one in a million to find  
Satellite you've open up my eyes, now I'm in love  
Satellite you're one in a million to find  
Satellite you've open up my eyes, now I'm in love
