

Life Is a Game of Changing

DMA's

When you're finding out another
But you know you're recovering
I don't know just how we got here
But I see that you've been struggling, dear

And I know you're undercover
But you're gonna find another way in
When you're fighting for your brother
What's the point in trying for another one?

Life is a game of changing
I was thinking all about our situation
Here anymore, I can't steer anymore

All I want for you to see
Is here and now, for life to be
The change it comes (Life is a game of changing)
The change it goes (I was thinking all about)
For you to see, and now you know (Our situation)

Life is a game of changing
(All I want for you to see)
I been thinking all about our situation
(Is here and now, for life to be)
Life is a game of changing
(The change it comes, the change it goes)
I been thinking all about our situation
(For you to see, and now you know)

Where, now, have you been?
Where, now, have you been?

If you're gonna be here
You're gonna see love
If you're gonna be there
Will you really see it from the start?
I don't know
And it's hard, I don't know
Now, when you gonna call me?
When you gonna call me?
Please, don't understand
And it's hard, I don't know, yeah

All I want for you to see
Is here and now, for life to be (Life is a game of changing)
The change it comes, the change it goes
For you to see, and now you know (Life is a game of changing)

Life is a game of changing
(All I want for you to see)
I been thinking all about our situation
(Is here and now, for life to be)
Life is a game of changing
(The change it comes, the change it goes)
I been thinking all about our situation
(For you to see, and now you know)

Life is a game of changing
(All I want for you to see)
I been thinking all about our situation
(Is here and now, for life to be)
Life is a game of changing
(The change it comes, the change it goes)
I been thinking all about our situation
(For you to see, and now you know)

Where, now, have you been?
Where, now, have you been?
Where, now, have you been?
