

Something We Are Overcoming

DMA's

Oh, and it's gone, yeah
Oh, and it's gone, yeah

'Cause we are, we are we know
Don't ever take it slow
'Cause everyone and you and all before

It's something we are overcoming, yeah
It's something we are overcoming, yeah

We're skipping on debris
And are you really there?
Breathe new life into me
But did it really?
We're skipping on debris
And are you really there?

'Cause we are, we are we know
Don't ever take it slow
'Cause everyone and you and all before
'Cause we are, we are we know
Don't ever take it slow
'Cause everyone and you and all before

It's something we are overcoming, yeah
It's something we are overcoming, yeah
It's something we are overcoming, yeah
It's something we are overcoming, yeah
