DMA's

So let me in
Cause I've seen visions of you breaking out the sunlight
We intertwine
Yet distant minds are learning longing for the same thing
So let me in
Cause I've seen visions of you breaking out the daylight

I want you
To stay more
We dream here
For how long

So let me in
Cause I've seen visions of you breaking out the sunlight
We intertwine
Yet distant minds are learning longing for the same thing

I want you
To stay more
We dream here
For how long

Yeahhh
Like you, never lost yourself again
Yeahhh
Like me, never hurt yourself again

Yeahhh
Like you, never lost yourself again
Yeahhh
Like me, never lost yourself again
Yeahhh
Like you, never hurt yourself again

I want you
To stay more
We dream here

We dream here
