

# The Switch

DMA's

And all you ever wanted  
Hidden in the water  
Lost within all my tears  
She handed me her number  
Warned me off to wander  
Singing into these years

If you break out into nothing  
And my hands are moving forward  
I could lead you with a broken peace of mind

I didn't want it all  
I've just lost my way  
This is where I'm from  
Hit the switch again

And all you ever wanted  
Hidden in the water  
Lost within all my tears  
She handed me her number  
Warned me off to wander  
Singing into these years

If you break out into nothing  
And my hands are moving forward  
I could lead you with a broken peace of mind

I didn't want it all  
I've just lost my way  
This is where I'm from  
Hit the switch again  
Yeah we ain't getting down  
Blown across the sky  
This is all around  
You're still in my eye

If you break out into nothing  
And my hands are moving forward  
I could lead you with a broken peace of mind

I didn't want it all  
I've just lost my way  
This is where I'm from  
Hit the switch again  
Yeah we ain't getting down  
Blown across the sky  
This is all around  
You're still in my eye
