

Built Like A Bitch

DMX

Uuuh! Wooo!
Nigga you built like a bitch
Built like a bitch

When you stand for nothing
You fall for everything
Man you fronting
It's all or nothing
What you built like when you stunting?
You built like a bitch
A motherfucking bitch nigga

Can't say it built like, get killed like
Blood gets spilled like, poke a nigga tonight
Bang bang aaah it hurts!
Fuck you screaming on me for I'm putting in work?!
Cats ain't built like, get killed like
Blood gets spilled like, poke a nigga tonight!
Bang bang aaah it hurts!
Fuck you screaming on me for I'm putting in work?!

What you built like
When you keep a switch in your walk?
What you built like
Eavesdropping when other niggas talk?
What you built like
Fuck [?] you sayin' you from New York?
Nigga you built like a bitch
You built like a bitch

Nigga you built like a bitch
You built like a bitch
What you built like
Fronting in your man's car
With killer face like you ain't pussy knowing you are?
What you built like
All-Bran niggas shouting double R?
Nigga you built like a bitch
You built like a bitch
What you built like
When everything you say is a lie?
What you built like
You gangster but you scared to die?
What you built like
Getting smacked and it made you cry?
Nigga you built like a bitch
You built like a bitch

Can't say it built like, get killed like
Blood gets spilled like, poke a nigga tonight
Bang bang aaah it hurts!
Fuck you screaming on me for I'm putting in work?!

What you built like
Fucking your man's girl on the low?
What you built like
Blaming it on her cause she's a whore?
What you built like
Thinking that your man will never know?
Nigga you built like a bitch
You built like a bitch
What you built like
Biting the hand that fed you?
What you built like
Knowing that that hand condemned you?
What you built like
[?] just because a nigga said You
Built like a bitch
Built like a bitch
What you built like
You that nigga
In a couple of years down the road
You realize you hate that nigga
What you built like?
See that nigga
