

## Deeper & Deeper

DMX

Niggaz is scared to fuck with the Dog cause I'm shady  
You remember that kid from runnin up and down from Buildin 80? (UHH!)  
Highs are extreme lows are suicidal  
Got me reachin for the Bible cause I, think I'm genocidal (aah!)  
Fakers think I'm bluffin but I'm not  
Say that I be buggin cause I be makin it hot  
Knowin all I got is my, nuts and my word (uh!)  
Though I'm never seen, the Dark is always heard  
I speak for those who speak with glocks (UHH) from frequent blocks (UHH)  
Where the objective is to put in twelve, stay alive and leave in knots  
From little rocks bein sold  
Then motherfucker, if you LIVE to see 40 then you old  
And me bein the way I am, if the Devil close to me  
And that's the reason why I'm never I'm supposed to be  
I chose to be, on some Dark shit (uhh)  
Rip apart shit and start shit until whenever I depart bitch (aah!)  
The hard shit, will leave yo' ass stretched (uh!) laid the fuck out  
I'm on the edge, WHAT! Life is played out  
I made out, kinda good with the last couple of runs  
Up the, coast with it; couple of keys, couple of guns  
The funds wasn't the issue, it was OTHER shit (uhh)  
That had me flippin on my brother's shit, stealin from my mother's shit (UHH  
)  
Cry by myself, I couldn't hide form myself  
And if I push my wig back, then I die by myself

Deeper and deeper  
With every move I make I'm fallin  
Deeper and deeper  
These souls from underground keep callin

Deeper and deeper  
With every move I make I'm fallin  
Deeper and deeper  
These souls from underground keep callin

Why is it that I do what I do?  
Why is it that, only to these streets can I be true?  
I ain't never been shit, my peoples been told me so  
Hold me yo; niggaz don't, know me yo!  
Cause they ain't out that mob that's out to get niggaz  
Rip niggaz, split niggaz when you hit niggaz  
Long as there's bodies to be caught, there's shotties to be bought (YEAH)  
Hired that transport, fake Gotti's to extort  
I cry for help but niggaz don't, hear me (AHHHH!)  
Niggaz don't understand me! That's why niggaz fear me  
Hit the old neighborhood cause I'm bout to end it  
Stressin shit that I went through and what I BEEN did  
Niggaz I offended, will have to take it as a loss  
Cause in a minute, what I'm THINKIN is about to look like sauce (BOOM!)  
Gots to pay the cost and this time it's gon' cost you my life  
My love to my children and my, wife (peace)  
Step to the last - would I, could I, should I?  
Really understand with, seein with my good eye  
The hood I, came up in showed no mercy  
Unforgiven of the many plagues that cursed me (uh!)  
The worst we went through would make a, grown man fumble

Learnin to walk, and it HURTS when you stumble  
Figure out the jumble and you live, if not you DIE  
On my knees, hands up to the sky, WHY?

And don't make me show you with the Magnum  
Don't know by now then you slippin

I got my man and them stay pretty like I'ma stay shitty  
Crimey it's all for the money is you wit me  
Hit the bitches, went out I could make the crime  
And when it's on we transform like Optimus Prime  
I'll form the head, roll out let's make it happen  
If we ain't gonna get it wit them we'll take the cap down (what?)  
Bust it off, gust it off on the softest niggaz  
Money with the biggest mouth, yo let's rob this nigga  
A novice nigga never made a sound  
Breath too fucking hard like you gettin bust down
