

# It's a Problem

DMX

The niggaz got it  
You should solve them  
Fuck the bullshit nigga  
That dog is a problem  
Problem, problem

That bitch movie  
I just made that  
I show that  
I'm a keep that  
Fake tricky ass nigga  
Fake tricky ass nigga  
The bitches wanna rehearse  
Yeah that means damn  
That means damn  
What the fuck nigga?  
I'm out here  
Get out in the dark  
Anytime you fuckin' bitches  
Think how it's done  
You see don't hate the hood  
Check it  
Make moves nigga  
I go with my dick out  
And this is the hood  
This is the hood  
Where I just walk around like I hooked it on  
I wish they would  
No they don't  
What that do?  
What that do?  
And we gonna go just either way  
Problems just worry you last

I beat the shit out of money  
Cause it's just all I do  
It's all I do  
Nigga you got it?  
If it's a problem  
Solve them  
The bullshit nigga is a problem

I beat the shit out of money  
Cause it's just all I do  
It's all I do  
Nigga you got it?  
If it's a problem  
Solve them  
The bullshit nigga is a problem

I'm the type of nigga that you slip blades  
The hood loves a nigga like good haze  
This is what the hood makes  
You'll survive if you're lucky  
Trust me  
You don't want to see me flipping out  
Now fuck that

It's time to whip them out  
Walk through with me now  
And fly with me later  
A lot of violent guys screaming  
Fuck the haters  
Hard on the beat streets  
Sleep with the ladies  
I'm poppin' pills, snapping fingers  
Breaking necks  
Now show me some respect  
And cut the fucking shit

Yeah I'm back bitches  
Niggaz know that bitches  
The real in this game  
When I come to the right bitches  
You can call cash if he or she has it  
When it's coming to heat  
He has it  
This bitch is sick as the beat  
When I reach out  
They'll be sicker than me  
And I can't do shit  
Caus ei ain't the same tough  
I got fake  
But so is the surface  
You can't toss the way you handle the game

I beat the shit out of money  
Cause it's just all I do  
It's all I do  
Nigga you got it?  
If it's a problem  
Solve them  
The bullshit nigga is a problem

I beat the shit out of money  
Cause it's just all I do  
It's all I do  
Nigga you got it?  
If it's a problem  
Solve them  
The bullshit nigga is a problem
