

Maybe (Baby)

DNCE

Don't say "maybe, baby"
Don't say "wait"
And don't say "soon enough"
Cause soon's too late
I don't need no tender words or no bad excuse
Don't say "maybe, baby"
Just turn me loose

Don't say "hold on, honey"
Don't slow down
You know I'm running wild
Don't run me 'round
Don't pull the reins on me
Or say "whoa, whoa, whoa"
Don't say "hold on, honey"
Just say "let's go"

Oh, my engine's running, baby
My headlights are on
Just wave that white flag, baby
And we're gone
Yeah, we're gone

Don't say "maybe, baby"
Don't ask why
Cause you're my only girl and I'm your guy
I'm true as truth, my girl
And that ain't no lie
So don't say "maybe, baby"
Just say you're mine

Oh, just say you're mine
Just say you're mine
Just say you're mine
Just say you're mine
Don't say "maybe, baby"
Just, baby, be mine
