

# Thuggin It Out

## Do Or Die

Outlaw nigga  
Do or Die nigga  
Ride or die nigga  
Let's get high nigga

Yo, I know niggas that kill  
Niggas that dump pills  
Niggas that ill  
Niggas that don't feel  
No remorse like mil for a bitch like you  
I'm a Outlaw  
What the fuck you thought I would do?  
Elaine told me  
Never let a fiend hold me  
These streets is like hockey  
And Kadafi the goalie  
Know me  
I'm too holy  
You too phony  
And too bony Tiger  
Step in with two Tony's  
With two chrome heats  
Aimed at your dome-piece  
It's all til we deceased  
As long as we agree  
It ain't a war  
If there ain't no blood  
Motherfucker  
You ain't an Outlaw  
If you ain't no thug  
Middle fingers up  
Wave 'em from side to side  
Ride or die Do or Die  
Outlaw for life  
Middle fingers up  
Wave 'em from side to side  
Ride or die Do or Die  
Outlaw for life  
Thug it out.

It's a ship it up yo flip  
You see them dogs in me  
Automatic static  
Outlaws call on me  
You see the balls on me  
I'm gonna let 'em swang  
Without them thangs  
So if them cops rush them lanes  
Put their names up the wall  
Exactly where you left the green stacks  
Money from the refs  
Like you stackin' from that caine  
If it's bullshit we'll set it off  
If it's a full clip I'm gonna let it off  
From L.A. to Chi-town  
From Jersey to the black grounds  
We'll shut this whole bitch down

Who wanna bomb first?  
Then the rest gonna follow  
We livin' for today  
We might not make it to tomorrow  
Bore in your heart  
Or insides hollow  
If you wit me take a swallow  
We drink from the same bottle  
We share the same pain  
This ain't a fair game  
From your hood to my hood  
It's never gonna change  
Nigga  
So we thuggin it out  
Keep, keep, keep thuggin it out  
Young niggas say  
We keep thuggin it out  
Keep, keep, keep thuggin it out  
Come on, come on

When my demons attack  
You'll be hit in your back  
I'm bringin' a black  
Interio  
Up in my lap  
All off up in the strap  
When y'all thuggin we on  
If y'all fuck till we gone  
I'll pull out and bust til they gone  
Get 'em out and fire  
'Cause can't no cop catch me  
They after these?  
Now I'll fuck the niggas with the cheese  
Well I'm gonna catch 'em while they sleepin  
Put 'em up off in the deep end  
A nigga already leavin  
I'll run but we can be peace-in  
Or listen til I do ya  
Hold my ruger  
I'll make your death date a little sooner  
Motherfucker

I'm gonna tell you bitches on the wall  
You fuckin' with individuals  
Nutty motherfuckers  
Straight from the ghetto motherfuckers  
Smellin' blood like a savage beast  
Tear you to pieces  
While my mental increases  
I'll break you off like Reese's Pieces  
You been fuckin' with killas  
If Belo Zero put one in your pillar  
They gonna get blow  
And count your filler  
It's time for new  
Flew or Do or Die I'm thugged out  
Outlaw go get the mall  
And we gonna clear 'em all out

The final impose to danger  
Seconds away from destiny  
Payback motherfucker

Now hear the recipe  
E.D. Bin laden  
I been ridin  
Total domination is my goal  
I want your souls  
And more  
Hear me  
Here we go  
Outlawz screamin' out your stereo  
Grade imperial thugs  
Hear me clearly  
Though  
We turnin' shit up  
The rap game  
We bout to burn shit up  
Heatin' it up  
Motherfuckers  
We seek and destruct  
Put your whole fuckin camper to sleep  
For the love of Makaveli  
There ain't no changin' me  
T.H.U.G.  
L.I.F.E.  
Until they choose  
To use tools  
To come and get me  
I wait for 'em  
Pray for 'em  
And when I see the white of his eyes  
I aim for 'em  
I ain't stolen  
The pains callin'  
So I gotta answer to it  
The only way to be free  
Is to be free  
Now here's my chance to do it
