

## A Little Love Along The Way

Doc Walker

I'm gonna take some time for livin'  
I'm gonna roll like a river  
Maybe find a little love along the way  
I'm gonna send a prayer into the blue skies  
Lead me on into the good life  
Maybe find a little love along the way

I was stuck in a rut with a job I loved to hate  
I worked the graveyard shift hardly ever see the light of day  
Slave all week to barely gettin' by  
I always said before I die

I'm gonna take some time for livin'  
I'm gonna roll like a river  
Maybe find a little love along the way  
I'm gonna send a prayer into the blue skies  
Lead me on into the good life  
Maybe find a little love along the way

I got an old Pontiac on blocks in my backyard  
I'm gonna cash my check and get all I need for parts  
I'm been puttin' this off for way too long  
Tomorrow I'll be gone, long gone

I'm finally breakin' free  
Of the man I used to be  
It's a brand new me

I'm gonna take some time for livin'  
I'm gonna roll like a river  
Maybe find a little love along the way  
I'm gonna send a prayer into the blue skies  
Lead me on into the good life  
Maybe find a little love along the way

And maybe find a little love along the way...
