

# Angry Heart

Doc Walker

I held onto the hurt  
Wrestled to the ground  
I fought it like heaven and hell  
And I lost every round  
There wasn't anybody I would trust  
't was so long since I'd felt love  
I'd forgotten what it was

Baby, 'til you  
Got ahold of my angry heart  
I saw the truth  
When you led my way out of the dark  
I was draggin' around these chains  
Like some ghost in the hall  
Swearin' out the pain  
And empty from it all  
Until you got ahold of my angry heart

Living in the past  
Locked up with my rage  
Well I built that prison myself  
And it's such a lonely cage  
I started believing I would never heal  
But your love changed my life when I thought my fate was sealed

Baby, 'til you  
Got ahold of my angry heart  
I saw the truth  
When you led my way out of the dark  
I was draggin' around these chains  
Like some ghost in the hall  
Swearin' out the pain  
And empty from it all  
Until you got ahold of my angry heart

I thought I would disappear without a trace  
Until your love washed each teardrop from my face

Baby, 'til you  
Got ahold of my angry heart  
I saw the truth  
When you led my way out of the dark  
I was draggin' around these chains  
Like some ghost in the hall  
Swearin' out the pain  
And empty from it all  
Until you got ahold of my angry heart

Baby, you've got ahold of my heart
