

# Forgive Me (For Giving a Damn)

Doc Walker

I was the one  
Who was undone,  
'Till you picked me up.  
So how did you fall  
So far from it all?  
Thought you were my rock.  
So why do you push me away?

I'm not gonna to stand here  
And watch you go down.  
I know that you're sinkin',  
I won't let you drown.  
And it just comes with bein'  
The man that I am.  
So forgive me...  
Forgive me for givin' a damn.

Listen to me,  
I can't compete  
With this trip you're on.  
So if you decide  
To take that ride,  
I can't come along.  
'Cause I know just where it leads

I'm not gonna to stand here  
And watch you go down.  
I know that you're sinkin',  
I won't let you drown.  
And it just comes with bein'  
The man that I am.  
So forgive me...  
Forgive me for givin' a damn.

I know you're scared  
And you just wanna run.  
I've been there,  
I know where you're comin' from.

I'm not gonna to stand here  
And watch you go down.  
I know that you're sinkin',  
I won't let you drown.  
And it just comes with bein'  
The man that I am.  
So forgive me...  
Forgive me for givin' a damn.

So forgive me  
Forgive me for givin' a damn.  
Forgive me.  
For givin' a damn.  
Forgive me for givin' a damn.
