

The Hard Way

Doc Walker

You talk about love
And you say it's overrated
You talk about all the bad times
Yeah, all the time you've wasted
Whoever taught you that is gone

Everything you know about love
You've learned it the hard way
Every time you thought you could trust
It ended in heartache
Well, how hard could it be?
'Cause loving you is easy
So you say you're giving up
Your heart can't take another beating
Oh, but would you change your mind, girl
If you knew how I was feeling?
Just let go, it could be so good

Everything you know about love
You've learned it the hard way
Every time you thought you could trust
It ended in heartache
Well, how hard could it be?
'Cause loving you is easy

Oh, everything you know about love
You've learned it the hard way
Every time you thought you could trust
It ended in heartache

So try one more time
I've got enough love to last a lifetime
How hard could it be?
Oh, how hard could it be?
'Cause loving you is easy, easy
