

## On Praying Ground

Doc Watson

As we travel through trouble in this world below  
We must rest on praying ground  
With strength and assurance as onward we go  
We're blessed on praying ground

Keep praying my friend  
Til your journey shall end  
There's joy beyond the sky  
Hallelujah I cry  
I've a home up on high  
And I'll reach it by and by

The Lord of Creation in Gethsemane  
Knelt down on praying ground  
Where he prayed down salvation for you and for me  
He'll meet you on praying ground

Keep praying my friend  
Til your journey shall end  
There's joy beyond the sky  
Hallelujah I cry  
I've a home up on high  
And I'll reach it by and by

If you don't want a brother who's burdened with sin  
Help him out on praying ground  
So the Savior can bless him and let the light in  
He'll be safe on praying ground

Keep praying my friend  
Til your journey shall end  
There's joy beyond the sky  
Hallelujah I cry  
I've a home up on high  
And I'll reach it by and by
