

Slidin' Delta

Doc Watson

Sliding Delta, oh, she run right by my door
Gon' leave here, honey, don't you wanna go?

Easy rider, see what you have done
Now you made me love you and now you on the run

No, no, baby, things ain't quite that way
Oh, trouble's found me, and, honey, I can't stay

Sliding Delta, oh, she run right by my door
Gon' leave here, honey, don't you wanna go?

Daddy, sweet daddy, you got ramblin' on your mind
And you just want to go and meet me here behind

I picked up my suitcase, and then my baby cried
"Wait, sweet daddy, I gotta go by your side"

Sliding Delta, oh, she run right by my door
I'm gon' leave here, honey, don't you wanna go?

Oh, sliding Delta, oh, she runs right by my door
Gon' leave here, honey, come on baby, let's go?
