

Intertwined

dodie

Skin
Heat
Hair in your mouth
Feet touching feet

Oh you
And I
Safe from the world
Though the world will try

Oh, I'm afraid of the things in my brain
But we can stay here
And laugh away the fear

Numb
Fine
You create a rarity of my genuine smile

So breathe
Breathe with me
Can you drink all my thoughts?
'Cause I can't stand them

Ooh, oh
O-oh, oh, oh

Intertwined
Free
I've pinned each and every hope on you
I hope that you don't bleed with me

I'm afraid of the things in my brain
But we can stay here
And laugh away the fear

Hmm, hmm
Hmhmm
