

# Sorry

dodie

It happened fast  
Like a fired gun  
Bleeding out  
Then it was done

There was the end  
I couldn't find  
Found too late

Let me go back  
Show me the eyes  
So I'd really know  
Just what it looks like

There was the end  
I couldn't find  
Found too late

And, oh, didn't want to believe such a monster in me  
And I know, I've always known, in the end I'd be sorry  
And that's all I am now, and it's all I can be  
Is sorry
