

## unhinged

dodie

I saw this thing that I think that you'd like  
So I went online and bought ten  
Got embarrassed when they arrived, threw them out, never mind  
Think I'm getting weird again

Oh babe, you need space?! Don't even worry  
I'll hitch a ride to the moon  
But I stopped off at Prague - didn't get very far  
Think I'm getting too weird too soon

Oh shit, we were doing so well there  
There was no need to go crazy to start  
Well there's no need for it now, and yet I'm somehow  
Still saying it here, and calling it art

So I'll block you on Insta, and I'll walk the earth  
Holding my adult head high  
Then I'll cry at the sight of you, you love me? That's kind of  
you  
Yeah I'm feeling loopy, it isn't my duty

Good luck mate, you'll smash it  
God, I'm feeling batshit  
I'll go on a binge of you  
I'd sniff a pinch of you  
Guess I'm unhinged  
Tonight!
