Nigga switched on me now he rocking with the opps  
He don't get no pass, if he with them he gone die  
Never trust a nigga, if you lacking he gone try  
Fuck the older niggas we a run them off the block  
Wanna ride with them, you can die with them  
When we go and slide better not be outside with them  
Got a hundred round drum hanging out this fucking chopper  
Always got that mop, you can't trick me out my spot

You was getting A's, I was thugging with my partners  
I was skipping class stealing outta niggas lockers

Niggas out here dying and they sauce steal too  
I was never spoilt cause my mama still broke  
Now I buy my mama anything that she want  
Fuck all the times I did everything she said don't

Couple days later found a.357  
'Where you get these guns? ', sorry mama I ain't telling  
Since I was growing up I knew I would be a felon  
Ain't fall down that road, I made everybody respect it  
Mama kick me out so many times I can't count  
Then I hit a lick every time she put me out  
I got all this clout cause my niggas think I vouch  
Really put in work, they all know I ain't no slouch  
First time I left my gun I got set up  
I can't do that shit no more I got fed up  
My young nigga hit your head with a Beretta  
Pussy nigga shoot your gun what you scared of?
