Doe Boy

If Esco don't trust you, I'm gon' shoot you  
If young Metro don't trust you, I'm gon' shoot you  
You know how we rockin' for young Future man

I got 56 shots, nigga play with Esco  
Choppers start boomin', nigga play with Metro  
But nah this ain't no Metro, this a beat by Lex though  
FBG the gang, bitch come sign to Death Row

This ain't gangsta rap, I'm just bringing hood back  
Let a savage in the game, I make 'em feel like Suge back  
All my niggas shoot straps, sell dog and cook crack  
He a pussy with some money so you know we took that  
9-1-1, the streets need me  
The streets love Beezy 'cause the streets believe me  
Bitch my hoe card don't exist  
Cross and you gon' meet the stick  
Bitch we riding like a Lyft  
With guns we can barely lift  
Bitch I'm flexin', I'm cappin', you lackin', I'm jackin'  
I pull out this cannon, demanding, not asking  
You rappin', not trapping, I'm savage, you acting  
You taxing, they snatching, they pull up, get active  
Why these pussies tryna beef, I'm not even in they reach  
Got some youngins tryna eat, I'll feed you to the streets  
Oh these niggas think it's sweet? where you at, I'm tryna link  
Got that draco on the seat, make 'em JuJu on that beat  
Hopped in da Audi, shooting then I'm outty  
Niggas at my neck but I got all these goons around me  
Broke niggas bore me, you can fight this.40  
Magazine clip, I'll let it tell a story  
Ridin' through the trenches but we pulling up in Porsches  
Shooter on the streets but go to jail and get extorted  
That's why I don't need the MAC  
This the truth, it ain't a rap  
Last nigga ran up on me on the Fam, he took a nap  
He ain't really 'bout that life that pussy boy just talk that  
Fifty thousand 'round my neck, I swear yo life don't cost that  
I can't pay that boy attention 'cause he ain't no boss yet  
I got niggas that catch bodies they just ain't get caught yet  
Hold on

I got 56 shots, nigga play with Esco  
Choppers goin' boomin', nigga play with Metro  
But nah this ain't no Metro, this a beat by Lex though  
FBG the gang, bitch come sign to Death Row

Streets need me nigga  
Gang gang
