

RAN INTO A THUG

Doe Boy

(ATL Jacob, ATL Jacob)

Say she never been in love 'til she ran into a thug
I can't leave the house without my gun 'cause I know where I'm
from
Brand new hundred 'round drum, I'll be spinnin' for a while
Brand new whip a couple hundred thousand just to see you smile
Thuggin' with some paper
You know I like my liquor straight 'cause I can't chase ya
Don't know what you used to, baby, I'm a gangster
Bitch, I'm Big Doe Beezy, know it be hard to read me
I done gave you every reason, just promise you will never leave
me

I know my life look easy, it ain't like the shit you see on TV
Said you'd never leave me, hope you not lyin', make me believe
it
Flood your neck with VV, shit shine so bright, could barely see
it
Fuck her, got her screamin', make love all on my Tempur-Pedic
Ten K on a mattress, no cappin', I'm really havin'
Can't help, I'm a savage, I'm sorry, my heart been damaged
Might cop a Bentley to heal the pain, that might be the remedy
I love you, I'm not your enemy, don't make me match your energy
Said I'd never leave you, I didn't when I had reasons
Never really caught me cheatin', you always reachin'
Bitches turn me heartless, my heart guarded, I'm on defense
Speak from the heart 'cause I been drinkin'

Say she never been in love 'til she ran into a thug
I can't leave the house without my gun 'cause I know where I'm
from
Brand new hundred 'round drum, I'll be spinnin' for a while
Brand new whip a couple hundred thousand just to see you smile
Thuggin' with some paper
You know I like my liquor straight 'cause I can't chase ya
Don't know what you used to, baby, I'm a gangster
Bitch, I'm Big Doe Beezy, know it be hard to read me
I done gave you every reason, just promise you will never leave
me
