Doe Boy

They told me bring that savage back  
But I don't think the want that  
Fuck around and rob the whole city when I'm on that  
Ain't shit changed I'm still posted up on nose ave  
Come here if you want it, you gonna die here with your bold ass  
Stacking free bands, then I wrap them with the rubberbands  
I could have a million, still I'll rob you for a couple bands  
Rubberband, money gang, free my nigga murder man  
These hollows hot nigga, they gonna make you hit this murder dance  
Call me bang God, cause I'm God on the block  
Can't remember last time I ain't ride with the Glock  
Had a nigga on probation, cause they had a nigga locked  
Smoking gonja with my homies, we just blazed another op  
When I scream gang gang, watch how quick you see the team come  
Catch a nigga lacking blowing down, I don't freeze up  
Trapping in my hood, cut me in bitch I need some  
Riding with a stick, better yet it's a tree trunk  
Heard he got the bricks in his trap house, kick his door  
If I feel like a nigga threaten me, get em going  
Feeling like he trapping getting money, but I know he pussy  
It's OV when I up this draco, OVO  
Red dot, that's a headshot, leave your head hot  
It's a whole lot of dead ops, it's like red ops  
Little nigga tripping, doing all this sneak dissing  
Like I ain't riding with the mop stick like a kitchen  
Your favorite rapper go for fuck shit, but I won't have it  
Reaching for my chain, bunch of bullets what he grabbing  
Shoot him in his brain, tryna see what he imagine  
Run up with the stick, do a hit like madden  
Boss man beezy, them young niggas do what I say  
All my killers hungry for a murder, you a entree  
We don't fuck with snitches, we don't call the police my way  
Only 911 that I'm touching in the driveway  
I was sleeping in a prison, now I wake up in bugati's  
Or I wake up to the mozzzy, but I'm sleeping with the tommy  
Boys in the hood, you wanna see a dead body?  
All you gotta do is tell a pussy nigga try me  
Draco on my lap and my shooter got the mac  
I see shit when I'm off act, I ain't acting that's a fact  
I finessed a fuck nigga, I just ran off with his sack  
Birdman will pay weezy before I pay your ass back
