When I buss and you don't catch it
She dvd you get ejected
Coronavirus necklace

Down to the last of the dope so I scratch it
A fault to a quarter gotta finesse it
Your profile look like the wheels on flat
Smell the runs 'cause the window is cracked
Swerving hard I done spilled my yet
Big ol' speaker like the bass in the back (Boom)
Hit licks with my niggas
Then we split it down the middle
Thinking this is just a little
Burn your block up like a griddle
Gang gang
All red everything on flame gang
Send a chain to my nigga in the chain gang
If it's real ay bring the whole plate man
Swap out the Glock for a chopper
Your beef is synthetic, Impossible Whopper
I stand up tall a backer
