Woke up, grab my Glock .9, it's time to hit the block  
Walk down hit his top I ain't tryna hit his spot  
We don't shoot at houses bitch we tryna hit the opp  
Price up on your head my youngin' tryna get the knot  
Talkin' all that shit like we gon' slide and let it chop  
We finesse watch what you cop, pot, full of Fetty Wap  
VV's in my watch got me stiff up on your thot  
And she getting squashed bitch I'm stiff up on the opps

If you rich as fuck lift your wrist up  
I'm stiff up on an opp like I'm Nick Chubb  
Broski love his chest so much he gives his bricks hugs  
If I lift his pistol up I bet he bitch up, yeah  
Can't control my savages them niggas outta pocket  
All I heard was a holler now all I hear is silence  
Wake up in the morning, pop perky like a vitamin  
Goosie gum bottles like Trident these hoes likin' it  
Four Bentley trucks man nigga ain't got no licenses  
Thought they was talking about us when they said ISIS hit bitch  
we be wiping shit  
Bizzy always keeps his pipe and shit up like he on some shit  
If you lit and can't get touched this gun don't care bout none  
of that lighting shit

Woke up, grab my Glock .9, it's time to hit the block  
Walk down hit his top I ain't tryna hit his spot  
We don't shoot at houses bitch we tryna hit the opp  
Price up on your head my youngin' tryna get the knot  
Talkin' all that shit like we gon' slide and let it chop  
We finesse watch what you cop, pot, full of Fetty Wap  
VV's in my watch got me stiff up on your thot  
And she getting squashed bitch I'm stiff up on the opps
