

# We Don't Beef

Doe Boy

We don't beef  
We don't beef  
We just pull up with them sticks, and we eat  
I hit you with that 45, you deceased  
You been in the field too long, I sip me some Lean  
We don't beef

Pull up, we eatin  
Get on this block and we feastin  
Say that you ain't lackin, I hope that you keep it  
Ridin around, you know that I'm reefin  
Put them stars on the roof for no reason  
Word around you said we was beefin  
How is we beefin if nobody bleadin?  
Pull the trigger and let it squeeze  
Say it once more, don't let them breathe  
I just woke up in 1017  
Grab a Mack 10 and Glock 17  
All of my diamonds is froze  
I always stick to the coad  
Why you keep callin my phone?  
You niggas broke, leave the beefin alone  
I don't think, all you hear is shots, we don't preach  
Choppers on whatever, we don't speak  
We don't play with people's kids, we play for keeps

We don't beef  
We don't beef  
We just pull up with them sticks, and we eat  
I hit you with that 45, you deceased  
You been in the field too long, I sip me some Lean  
We don't beef

I just pulled up with 4 hoes in a 2 seater  
And I never leave my house without my heater  
Fuck with Wop, I have your body in the freazer  
These niggas cappin like they really with it, but these niggas frauds  
I was in the trap house, while you was crashin cars  
Junkies feendin for it, surve it through the burgler bars  
Drivin hotboxed nigga, we don't pay for cars

We just pull up with them sticks, and we eat  
I hit you with that 45, you deceased  
You been in the field too long, I sip me some Lean  
We don't beef
