

Rocky

Dog Eat Dog

You're just like the kid next door
Still too young and immature
You always seem to hang around
When you're not wanted you're always found

Why do you embarrass me (why me)
So everyone can see (can see)
Us duke it out on live TV

Hey, Rocky, I hate to say
I wish you would just go away
Don't come back another day, OK

Hey, Rocky, I hate to say
I wish you would just go away
Don't come back another day, OK

What did you come here for
Don't wanna be insecure
It's about time that you went home
So go away leave me alone

Why do you embarrass me (why me)
So everyone can see (can see)
Us duke it out on live TV

Hey, Rocky, I hate to say
I wish you would just go away
Don't come back another day, OK

Hey, Rocky, I hate to say
I wish you would just go away
Don't come back another day, OK

Rocky, I hate to say
I wish you would just go away
Don't come back another day, OK

Hey, Rocky, I hate to say
I wish you would just go away
Don't come back another day, OK
