

## Approach and Recede

### Dog Fashion Disco

Death rattle, brittle bones  
No sunlight in my tomb  
Echoes and emptiness  
Now filling up the room  
You are a snake  
Weaving in and out of sight  
Shape shift embracing  
My bitter loneliness tonight

I can't find a reason to ever push you away  
Slow suicide takes my hand  
And invites me to stay as

Carnal waves approach and recede  
Unrelenting desire overcoming me  
The more I feed it the more it needs  
Pleasures now a mistress to enslave me

Drag me low down the river of denial  
Drown me in your skin I feel you  
Primitive and wild  
Sinking in and under with nowhere left to hide  
Guide me in and slow sliding deeper inside

I can't find a reason to ever push you away  
Slow suicide takes my hand and invites me to stay as

Carnal waves approach and recede  
Unrelenting desire overcoming me  
The more I feed it the more it needs  
Pleasures now a mistress to enslave me

You take the stage creeping  
Beneath the neon glow  
Weakness consumes me  
And I don't want to let it go  
Jezebel I'm frozen  
At the foot of your altar  
Unable to control  
The fire burning me alive

I can't find a reason to ever push you away  
Slow suicide takes my hand and leads me astray

Carnal waves approach and recede  
Unrelenting desire overcoming me  
The more I feed it the more it needs  
Pleasures now a mistress to enslave me  
Carnal waves approach and recede  
Dominate me, let me be your slave  
Dominate me, let me be your slave  
Be your slave
